Common Reporting Standard Guidance Notes Issued for Industry Feedback

The Ministry for Financial Services is circulating a copy of the draft Common Reporting Standard (CRS) Guidance Notes for industry feedback. These Guidance Notes have been developed in consultation with the Cayman Islands CRS Working Group.

The Guidance Notes are to provide practical assistance on aspects of the CRS that are particular to Cayman, as a supplement to the Tax Information Authority (International Tax Compliance) (Common Reporting Standard) Regulations, 2015 that were gazetted on 16 October 2015.

Industry is invited to provide feedback on these Guidance Notes by Wednesday, 23 March 2016, to Ms Nangel Kwong in the Ministry's Department for International Tax Cooperation at nangel.kwong@gov.ky.
